Who can submit?	<p>DNA encourages poster abstracts to be submitted from all contexts of dermatology nursing practice. If you (<i>or any of your co-authors</i>) are affiliated with/employed by a commercial entity, or if you have received commercial/industry support for your poster, it will be considered a “Commercial” poster (as opposed to a “Nursing” poster).</p> <ul style="list-style-type: none"> • Commercial Poster submitters are required to have a confirmed exhibit booth (<i>signed application must be on file with DNA</i>) at DNA 2023 in order to submit a Commercial Poster abstract for consideration. • There is a \$500 application fee per Commercial Poster Abstract. The fee is due at the time of the submission. If your poster is not accepted, your credit card will not be charged, or your check will be returned. However, if your poster is accepted, this will become a non-refundable one-time entry fee. (<i>Please complete and return the separate “Commercial Poster Payment Form”</i>). The poster presenter will still be responsible for all costs associated with the poster presentation (including but not limited to creation of the poster and shipping it to and from convention). • Commercial posters are not eligible for poster awards and will not be judged, regardless of membership status. • Submission of a Commercial poster abstract and payment of the fee does not automatically qualify your abstract to be displayed at convention. The Program Planning Committee must review each submission before confirming if it’s been approved to be displayed at convention.
